In reply to my inquiry on your behalf, Citizenship and Immigration Services in San Francisco has informed me that your case is pending the background check. All applicants must have a background check regardless of the benefit they are applying for. Unfortunately, the CIS has no control on the processing time for the FBI to complete their action. If you do not receive correspondence directly from the CIS in 90 days, please let me know and I will place another inquiry on your behalf.

Sincerely,

Director of Constituent Services

Sincerely,

Thank you for writing to Senator Boxer. I regret that we are unable to be of more assistance regarding this matter.

The time needed for adjudication will continue to be difficult to predict, as necessary new procedures are refined. Due to the sensitive nature of these clearances, U.S. security will not be compromised and there are no expedites or information being released to third parties, including congressional offices. I have included a fact sheet regarding Immigration Security Checks for your reference. If you wish to find more information regarding these clearances, you may visit the Department of State website at www.travel.state.gov, or the Bureau of Citizenship and Immigration Services website at www.uscis.gov.

After contacting the Federal Bureau of Investigation, your security check is still pending. Since the terrorist attacks of September 11, 2001, the Bureau of Citizenship and Immigration Services has been engaged with other U.S. government agencies in an extensive and ongoing review of visa-issuing practices, immigration policies including the clearance procedures as they relate to the security of U.S. borders. As a result, there has been a delay in immigration and naturalization applications.

Thank you for your recent correspondence to Senator Boxer's office regarding the security check pertaining to your immigration application with the U.S. Citizenship and Immigration Services.
